

LTSC Briefing April 2019

2019 AGM:

The 2019 AGM will be on Thursday the 23rd of May at 1pm at the Watersports Building in Rotorua, this meeting will be held at the completion of the May LTSC Council meeting.

A copy of the Agenda is also attached

Training pathway Scholarships:

The LTSC Executive has announced that the LTSC will sponsor 10 Training scholarships for current financial members or their employees, Details of the scholarships are attached as well as on being posted on the LTSC Website.

Applications close Friday 3rd of May 2019.

Trailer Lifting Industry Standards:

Worksafe have advised the LTSC Council that they are starting to see an increase in incidents where the trailer being lifted off the Truck or getting ready for loading onto the Truck is being done outside of the Industry Standards, especially in relation to turning the drawbar around.

Please ensure your drivers are familiar with the Industry Standard, copies of this are available on the LTSC website.

At some unloading sites we are hearing of issues around reloading of trailers, if you are having issues please discuss with your Forest Owner as they have the relationship with the Mill Owner or Port Company.
