

# LTSC MEMBERSHIP VALUE OFFER

## Who are we...

The Log Transport Safety Council (LTSC) is a pan industry collaborative of Truck operators, Transport Researchers, Trailer Manufacturers, Forest Owners, Legislators and Enforcement agencies - our aim is to keep our sector and those coming into the sector safe as well as keeping you up to date with the latest happenings in the forest industry.

LTSC is a single unified entity that can and does canvas opinions, seek input, co-ordinate and formulate the sectors outlooks and ideas regarding industry issues and initiatives that encompassed the views of all major industry sectors.

## What we have achieved...

Since the formation of the LTSC in 1996 considerable ground breaking work has been achieved in several areas within the Log Transport Sector e.g.

- Off Highway Vehicle operating guidelines
- NZ Qualification in Log Truck Driving
- 0800 signage
- Bolster attachment code
- Load and dimensions (22 metre rule)
- Static Rollover Threshold (SRT) 0.35 to 0.42 / 0.45
- Reduction of roll overs (through design and education)
- Load Security
- Log Transport Safety Accord
- Heavy Vehicle braking
- Central Tyre Inflation
- Fatigue Management
- Chain of responsibility

## Professional Development...

### TRAINING PATHWAY

Recognition in educational achievement is important to the LTSC - our training pathway was developed to do exactly that with our **BRONZE**, **SILVER**, **GOLD**, **PLATINUM** pathways.

Each stage is comprised of theoretical and/or practical learning, with the completion of each stage relying on time served in the industry and successful completion of the previous stage. Financial members have access to the entry level stage as well as the LTSC approved assessors.

### CONTRACTOR CERTIFICATION

LTSC Contractor Certification is the tool that can be used by multiple customers and forest managers, reducing the number of audits the log transport contractors complete.

With certification increasingly more recognised among associated sectors as a creditable tool, members have access to beginning and becoming leaders in H&S within the industry

## Further Membership opportunities:

### 0800 CALL CENTRE

0800LOGTRUCK  
TRUCK\*\*01

Funded and supported by the FGLT the Log Transport Safety Council takes calls, reports, tracks, and informs dangerous driver behaviours reported via the public. Financial members are allocated a custom, registered truck ID number which is used by the call centre to report back to you the complaints.

### COMPANY SAFETY ADMINISTRATION

Do you need a 22m permit?

Are you looking for a Chain Lifting Sticker?

Being a financial member means you can leave it up to us to sort this for you. All you need to do is contact our sector administrator to request what you are after.

Your membership covers the cost of NZTA permits, and the supply of your chain stickers. We aim to please!

### INDUSTRY INFORMATION - KEEP UP TO DATE

As a member on our email database you will be kept up to date with all industry information as provided by NZTA, government agencies and trading providers. Quarterly newsletters are distributed, an industry update of discussions from our Council Meetings - including all relevant news and important messaging. Our continuously growing Facebook page is there for content distribution so if you are in need of drivers? Want to share a good story? Let us know!

### MAGAZINE SUBSCRIPTION

We are proud partners with the Deals On Wheels Magazine which you will receive monthly, as a member of LTSC. There is opportunity to promote good new stories. Let us know!

## Acknowledgement of Membership:

Each year you will receive an updated membership certificate and email signature which can be used on your website, social media, even put on your wall!
